Nikola Uzunov

Web Developer

I am highly motivated to learn and grow in the field of Web development. I learn quickly and I am extremely task orientated. I like to build a routine or a process and work around it. I give everything I do 100% commitment and dedication.

EDUCATION

Web Development
Advance Academy

09/2022 - 06/2023   *Varna*

Customs and tax administration
VTG "Georgi S. Rakovski"

09/2014 - 06/2019   *Varna*

WORK EXPERIENCE

Web Development Intern
Advance Academy - Javascript Bootcamp

06/2023 - Present   *Varna, Bulgaria*

Achievements/Tasks

- Collaborated with a team to design and develop a Full-Stack Pizzeria Website using React for the frontend, Express.js for the backend, and MongoDB for the database.
- Implemented responsive and user-friendly user interfaces utilizing React components and modern design principles.
- Created interactive features, such as working contact form, login and register, reservations, making an order and real-time order tracking.
- Designed and implemented MongoDB database models to store and manage customer orders and other essential data.
- Engaged in daily stand-up meetings and sprint planning sessions to maintain project progress and meet milestones.

SKILLS

Javascript	TypeScript	React	NodeJs
ExpressJs	MongoDB	HTML	CSS/SASS
Git/GitHub	Scrum/Agile		

PERSONAL PROJECTS

MERN Portfolio Website

- Designed and built a dynamic MERN website from scratch to showcase personal projects and skills. Implemented real-time chat and user authentication for an engaging experience.
- Implemented an email integration feature to facilitate direct communication with visitors. Users can now easily send emails from the website's contact form to my email inbox.
- Successfully deployed the MERN Portfolio website on popular platforms like Netlify and Render. This experience provided valuable insights into the deployment process, version control, and continuous integration.
